#### Coloma Public Schools Adds Second School to Fast ForWord Program

Coloma Public Schools has purchased a second site license of Fast ForWord for their district from Job Skill Technology, Inc. (JST). They purchased their original site in September 2004 and had such success with improved student performance that it was an easy decision to expand the program within the district. Additionally, they stated "JST's local on-site support has been superb, whenever we needed them they have been here."

JST has had a partnership with Coloma for over a year and we are looking forward to a long and mutually beneficial partnership now and into the future.

Job Skill Technology, Inc. is a leading solution provider of computer-based learning and educational tools for pre-kindergarten through adult learners. The company specializes in software, assessment and accountability solutions, e-learning, and hardware with special emphasis on technical support and training.
