Redford Union Implements Plato and JST for Web-based Program

Job Skill Technology, Inc. (JST, Inc.) is proud to announce that Redford Union School District has expanded its use of PLATO Learning software. By providing access to this on-line curricula, students will have opportunities for credit recovery, remediation and enrichment. Teachers will be able to provide individualized assignments, differentiated instruction and group activities. The selected package is designed for adolescent and adult learners, but the wide-ranging skill levels (K-12) provide the most flexibility for students throughout the district. PLATO is a web-based program that has proven to help students improve their skills in school districts across Michigan and the rest of the country.

JST, Inc. is the authorized partner with PLATO and will provide on-going support for the implementation at Redford Union Schools.

Job Skill Technology, Inc. is a leading solution provider of computer-based learning and educational tools for pre-kindergarten through adult learners. The company specializes in software, assessment and accountability solutions, e-learning, and hardware with special emphasis on technical support and training.

The company serves K-12 schools, alternative and adult education, state and local government, colleges and universities, correctional institutions, job training programs, corporations, and private industry.

Job Skill Technology, Inc. is headquartered at 1000 N. Opdyke Road, Suite D-2, Auburn Hills, Michigan 48326, 800-783-5780.
